Life Programme:

At Outwood Academy Ripon we are constantly striving for opportunities to allow students to experience opportunities that could have a positive and life changing impact . Therefore, when we were given the opportunity to select students to attend a Life program at Boroughbridge Fire station we jumped at the chance. All students selected - Bethany, Lewis, Amber, Oliver, Harry, Kaia, Leon and Finn - demonstrated determination and resilience proudly showing the Outwood ethos of being safe, responsible and respectful. Mr Abdy was very proud to watch their passing out parade and many have returned keen to start up a fire service cadet programme. We would like to thank North Yorkshire Fire Services for this fabulous opportunity.

School Liaison Officer

We have gratefully received a number of informative assemblies from PCSO Martin Powell and colleagues. Topics have included how to be safe online; the impact of cyber bullying; laws and consequences of vaping, edibles and nitrous oxide. We hope this supports our students to make informed choices in these areas.

Uniform and Equipment:

Thank you for ensuring your child is in full uniform every day. Details of how to purchase additional uniform items are available on the uniform page on our website. Shirts, PE socks and PE shorts can be bought anywhere, as long as they match our uniform expectations. All shoes must be plain, black and polishable. We do not allow jewellery, piercings, false nails, false eyelashes or makeup in school. Please remember that any summer piercings or nails should be timed so they are removable by the start of the autumn term. Students must have a sensible bag, at least A4 sized, such as a rucksack, to carry equipment to and from school and this should include a pencil case containing pens, pencils and a ruler.

Ace Programme:

Year 7 have worked exceptionally hard at demonstrating the three core areas of expectation at Outwood Academy Ripon. They are safe, respectful and responsible.

Congratulations to Maya, Harry, Leila, Chris, Haraldr, Jasmine, Mere, Chris and Harrison who have already received Bronze, Silver and Gold badges. We are working hard to support other students to complete their Silver and Bronze passports before the end of term. Please ask your year 7 children how they are getting on and help us to support them to continue to be the best version of themselves.

The Brilliant Club

We are super proud to celebrate the work of a group of year 9 and 10 Outwood Academy Ripon students. The following students graduated at the university of York after successfully taking part in the Scholars' programme - Jasmin, Josie, Shaneequa, Taylor, Jon, Dainton, Michael and Aiden.

The group worked really hard and have all completed a 2000 word essay about the politics of climate change. These have been assessed by a PhD tutor who is an internationally renowned expert in this field.
